Bud Holtz's dual role declared incompatible

Antioch Township Assessor Bud Holtz says that the offices of assessor and county board member are compatible, disputing Illinois Atty. Gen. Tyrone Fahner's statement calling them "incompatible."

Holtz, who is the first assessor to sit on the Lake County Board, says that the statement that holding both offices constitutes a conflict of interest is, "just Fahner's opinion."

Having just been re-elected to the office of Antioch Township assessor, Holtz has announced that he will also be a candidate for re-election to the Lake County Board.

Holtz says, "Having an assessor on the county board has helped give the county more insight into the problems of the assessor."

"Before I was on the board," he continued, "everything that went wrong was the assessor's fault."

He then declined to make further comment, saying, "I only know what I read in the papers, and I don't want to comment until I know what this is all about and until I talk to my attorney."

Fahner said that undue influence over the person monitoring his position can be exercised by an assessor holding a county board position because county board members act on the appointment, salary and budget of the county supervisor of assessments, who has authority over the assessor.

In other words, dual office holding in this case can make the employee the boss of his boss.

According to Fahner, no formal resignation or ouster by legal proceedings is needed to straighten out the dual office holding situation, since Illinois law mandates that when an office that is incompatible with

a held office is accepted, there is an automatic resignation from the first office.

No action has been taken by the county board on Fahner's statement to date.

According to Henry Caldwell, deputy state's attorney, "An attorney general's opinion is not binding in court. It is advisory only."

Good news in The News

Mattson returns

Christine Mattson, a six-year member of the Chain O'Lakes 4-H Club has been spending her summer in Denmark as a participant in the IFYE (International 4-H Youth Exchange) Program.

Her host family is Jette Johansen, and Berthe and Ib Eriksen, for six weeks.

Before she arrived in Frostrup, Denmark, she stayed at the National 4-H Center, in Washington, D.C. with 15 other IFYE participants for a three-day orientation.

This was a final preparation, since they were required to attend three orientation programs during the year.

After the flight to Copenhagen, the students took a seven-hour train ride to a town near their host families.

They were greeted by their 4-H leaders from Denmark, who furnished them with a place to stay for the night. They were ready the next day to meet their host families.

Mattson and the other 15 ambassadors have been meeting once a week and seeing such places like Rebild, where they had a Fourth of July celebration; the Hanstholm fishing docks; the dairy at Fosdalen; and Vborg, the oldest town in Denmark.

Her host family has also kept her busy showing her places of interest. One place, Fjerritslev, pronounced (Fee-az-low), is in upper Denmark.

The sea on the left meets the sea on the right. Mattson found that it is very interesting to watch, but she also found that you get very wet!

The other IFYE participants who came from Indiana, Missouri, Wisconsin, California, Pennsylvania, and Kansas and Mattson left July 29 to tour Sweden and Norway for one week, and will return home on August 4.

But her travels will not quite be over, because she leaves for Illinois State Fair on August 5.

Mattson, hopes to talk to everyone, when she returns, about the IFYE Program. If anyone is interested, they can reach her through the Lake County 4-H office, located in Grayslake.

The Time Machine

50 YEARS AGO: AUGUST 6, 1931

The world's long distance champion marathon dancers are coming to the Channel Lake pavillion next Wednesday night. Imagine dancing continuously for 5,556 hours! That's what Bob DeMarchis and his partner Marie Hepp did to win the crown.

Earl Hawkins is suffering from a broken nose, received when the governor on his gasoline engine flew off and hit him in the face, as he was pumping water at his home at Lake Marie Sunday morning.

A leaking gas tank caused the Ford sedan owned by Laurel Van Patten to catch fire, as he was driving with two companions to a party at Arlington Heights. Van Patten managed to save the tires, which were all new, before the car burned up. During the night the car was stripped of all other equipment.

Antioch in the movies! That's what happened yesterday afternoon when Director Cudia and his staff of cinema men "shot" the town. Traffic on busy streets, people scurrying to and fro, the Antioch fire department in action, were only a few of the many scenes taken, to say nothing of the group of happy girls clad in beach pajamas (movie-men-always-get-a break).

The return of Charles Fred Barthel to Antioch brings to mind the fact that he was one of the oldest men who volunteered for patriotic service during the World War. Although Barthel was 60 years old when the United States entered the war in 1917, he offered his services.

30 YEARS AGO: AUGUST 9, 1951

Mr. and Mrs. John Oftedahl left Tuesday on the Stavangerfjord for Oslo, Norway where they will direct the establishment of the Frostee Snow Co. of Europe.

Entered in the world championship starting today at Tom O'Shanter course, Fred Hawkins, son of Mr. and Mrs. Fred Hawkins Sr. of this village, hopes to add other laurels to those he received in winning second place in the all-American pro contest last week.

Jerry Rockow has resigned as bartender at the Louie and Ed tavern to enter he plastering business. His place has been taken by George Ross Jr. who resigned at the Antioch News where he was employed as a printer.

The fire department had its first call in two months, Sunday when it went to the Roy D. O'Brien residence at the north end of Channel Lake, extinguishing a blaze that started from a kerosene hot water heater in the basement. Damage was estimated at \$200.

Fred L. Bobzein, Lake Villa, has received the degree of science in medicine by the University of Illinois.

10 YEARS AGO: AUGUST 4, 1971

Mayor Toft, Bill Brook, President of the State Bank of Antioch, "Red" Murrie, Antioch Township Supervisor, and city and county officials watched at the State Bank ground breaking.

As the result of a joint request made by the Board of Education of Antioch Community High School and the ACHS Teacher's Association, a federal mediator has been called to work with the two groups and help settle their unresolved differences.

Antioch High School's 6th foreign exchange student is 16 year old Julio Gerardo Sanchez from Costa Rica. He will live with Mr. and Mrs. Ronald Rau and their four children.

Flood gates opening?

A petition for rezoning of residential lots south of Antioch to permit construction of a rental store has sparked opposition from nearby Loon Lake residents. A hearing on the petition scheduled for 1:30 p.m., Wednesday, August 12, is expected to draw a sizeable crowd.

Opponents of the rezoning have cited typical arguments against growth and development for a neighborhood in transition. They are charging devaluation of property, drainage problems and traffic headaches.

While we sympathize with the Loon Lake residents who see the quiet and relaxed cottage-on-the-lake atmosphere slipping away, the facts are that the area in question hasn't been residential for a long time. It is, indeed, an area in transition and the direction isn't toward residential, but commercial.

The facts and merits of the case weigh heavily on the side of approval. While our intention is not sway the outcome, it should be pointed out that commercial development rarely causes property devaluation. Just the opposite is true more often. Drainage considerations just don't stack up here and the matter of traffic problems, well, have you tried to move swiftly anywhere along Rte. 83 lately during peak travel times? Yes, the rush hour is a reality in and around Antioch.

What the Loon Lake controversy boils down to is further evidence of our changing ways. Alterations of the landscape can be seen everywhere. Major thoroughfares leading to Antioch proper are becoming more commercial all the time. The pressure is for change. Attacking rezoning in semi-commercial sectors or areas in transition won't stem the tide.

Along the way with ANNIE MAE

Antioch Community High School's class of 1976 will hold their class reunion at 12 p.m., on Saturday, August 22, at the Antioch Aqua Center.

The cost will be \$5 per person or \$10 per couple. Class members who wish to RSVP should notify Nancy Prather, 425 Parkway, Lake Villa.

Congrats to Patrick Joseph Morgan who received his bachelor's degree from Illinois State University at Normal.

Get well wishes to Jeanine Andrews, Superintendent Donald Skidmore's secretary, who is recuperating at home from a recent illness.

Speaking of Antioch Grade School Dist. 34, Secretary Marie Greslig, who has retired after 22 years, will be missed by her fellow employees and the children of the district.

Looks like one of the most beautifully landscaped fire hydrants in the area can be found on Forest Ct., in Oakwood Knolls.

Wayne Sobczak donated 200 plants for the project, besides donating the black dirt and taking care of the lovely site. Other residents hand a hand in donating some of the railroad ties too.

The News will try and get a picture for you.

Despite the fact that the weather last Sunday wasn't too cooperative, the Lions' Bar-B-Que went on as usual, with everyone enjoying that delicious chicken that only the Lions can prepare.

Old Annie Mae got outbid on a lamp at the auction but watching the kids do so well in the swim meet made my day anyway.

Grade schools approve teacher pact

The Antioch Grade School Board has approved a proposed teacher contract that will give an average salary increase of approximately nine percent to the districts 76.5 teachers. The contract approved by the school board July 28 is expected to be accepted by the Antioch Teacher's Association August 24.

The contract will give Antioch grade school teachers a six to 10 percent salary increase and an increase in major medical insurance coverage. Teacher salaries account for approximately

\$1.4 million of the approximately \$2.5 million projected to be budgeted for the school districts educational fund.

Teacher salary contract negotiations required only three meetings to be agreed on and is one of the smoothest agreements between the school board and the teachers in a long time, according to Don Skidmore, superintendent of the grade school district.

Bruce Jablonski was the chairman of the negotiations committee for the school board. Sid Parker and Ed

Haley were the other two members of the school board who were on the negotiations committee.

The school board was also presented with a projected total school budget of more than \$3.5 million that will be on display at the school district offices at 850 Highview Dr., Antioch, for 30 days. The projected budget will be discussed by the school board and may be changed.

A public hearing on the proposed school budget is scheduled at 8 p.m. Sept. 15 at the W.C. Petty School in

the Board Room at 850 Highview Dr.

The total proposed school district budget is only 4.8 percent larger than last year. This year will also be the fourth year in a row the school district will have a balanced budget.

The school district is still waiting for the amount of state and federal funds that will be allocated to be decided, said Skidmore. Until the school district knows how much money will be available from the state and federal governments the budget can not be finalized.

BLOOD DRIVE

The Antioch Jaycees will host a blood drive on Saturday, August 8, from 9 a.m. to 3 p.m., at the Evangelical Free Church, Tiffany Rd. and Highview Ave.

The first incorporated railroad to perform transportation service in the United States was the horsedrawn Granite Railway in Quincy, Mass. in 1826.

Jaycees to sponsor boating safety course

Area residents will have an opportunity to learn boating safety basics on August 8 and 9, at a Department of Conservation Boating Safety Course scheduled from 10 a.m. to 2:30 p.m. at the Old Fire House in Antioch, according to Terry Dayton and Ed Bakshis, coordinating instructors for the class, sponsored by the Antioch Jaycees.

State legislation which became effective in 1978, requires that persons, 12 through 17 years old, have a Boating Safety Certificate before they can operate a motor-driven boat without adult supervision.

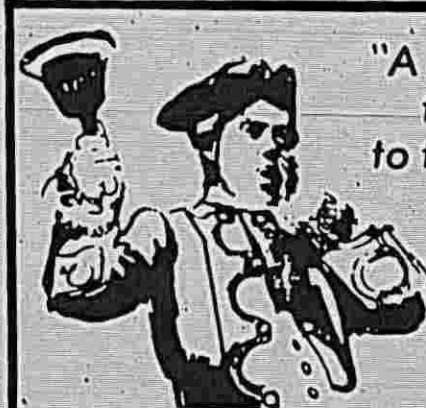

The certificate is issued by the Department of Conservation to persons who successfully complete the boating safety course.

"This is an excellent opportunity for young people who need the course to comply with the law," Dayton said.

"The course is free and open to the public. Anyone, regardless of age, may take the course to brush up on their boating safety habits," he added.

The eight-hour course includes instruction in rules of the water, Illinois Boating Law, first aid, safety afloat, boating construction and design and other topics that will help make participants safer boaters.

Further information about the course is available from Coordinating Instructor Bakshis at (312) 395-3336.

Museum moves on

It looks like Antioch will have to show the strong support for the renovation of the old grade school into a local historic museum, that it has shown for other community projects in the past.

At a special meeting concerning the project, held on Monday, July 27, at the J. Ernest Brook Community Room, at the State Bank of Antioch, Gary Keller, Lake County Museum director, informed those present of the need for a wide base of support.

Keller said that often this type of project gets support initially but meets with failure when the interest in it dies with the passage of time.

Antioch Grade School officials, present owners of the building, are in the process of working out a plan for the takeover of the building by those busy organizing an historical group.

Bill Brook and Jim Fields, Antioch Township supervisor, are involved in contacting local organizations to work on the project.

Both the Antioch Village Board and the Antioch Township Board have endorsed the project and are expected to take an active part in the renovation.

At the meeting, that was mostly informational, Keller listed some "musts" for success: broad based support; focus on a goal; the creation of bylaws and a charter for the organization in charge of the renovation; long range project cost plans; what type of staff will run the museum when in operation; and future maintenance of interest in the museum.

Archers fight wild animals in safari

The Northern Illini Bowmen's (NIB) 25th Annual 3-D Safari attracted 456 archers to an outdoor range, two miles north of Lake Villa.

Many novelty shoots also highlighted the two-day event, July 25 and 26. They included a running rabbit, a black jack game, ping pong ball shoot and a long distance gargantua.

Jim and Mary Osterman of Twin Lakes surprised everyone with their new styrofoam target: an 18 and a half foot giraffe! Keith Mielke of Round Lake and Dan Killgrove of Antioch also had an outstanding target: a mountain lion attacking a magnificent bull elk. Al Buck had the archers going through the spider web to get to the black widow!

Gliff Folkers of the Kenosha Bowmen took undisputed high honors with a 435 out of a possible 550 points. His wife Judy and daughter Alison were third place winners in their class.

Local NIB winners were Irene Trumble of Woodstock, with a first shooting 335 in her class. Jim Van Cleve of Round Lake took a second in barebow shooting 405 while his boys Jeff and John shot their way into second and thirds for youth class. Jim Hodgins of Hawthorn Woods took a third with his 410 in the division with sights.

Cub boys, Jeff McCue of Round Lake and Joel Warren of McHenry took second and third respectively. Sandy Carlson also of Round Lake has a beautiful silver trophy for taking second place in Cub girls.

The bowhunters are setting up the broadhead range for league shooting every Wednesday evening. August 20 is next meeting, 8 p.m. at the outdoor range in Lake Villa. August 29 and 30 will be a two-day broadhead shoot, to which all bowhunters are invited to participate.

Following is a list of winners of the Northern Illini Bowmen's 25th Annual Safari:

Men with sights: Cliff Folkers of Kenosha, 435; Bill Dorsch, 415; Jim Hodgins of NIB, 410; and Steve Novy and Don Tjader.

Men barebow: Dave Duen-terman of Rockford, 415; Jim Van Cleve of NIB, 405; and Rick Senior of Chicago, 405.

Women with sights: Irene Trumble of NIB, 335; Ione Schmidt of Joliet, 325; and Judy Folkers of Kenosha, 320.

Women barebow: Lisa Creamer, 275; Marena Abney of Rockford, 270; and Cheryl Senior of Chicago, 265.

Youth boys with sights: Chad Betz of Princeton, 290; Mike Nelson of Chicago, 270; and Bob Turner, Jr. of Waukegan, 240.

Youth boys barebow: Tim Stankienicz of Waukegan, 295; Jeff Van Cleve of NIB, 280; and John Van Cleve of NIB, 225.

Announce dates for annual Antioch Open

by MICHAEL H. BABICZ

Harbor Ridge Country Club, site of the Antioch Open Golf Tournament, will have a new face involved in running it this season.

Alan Zuehlsdorf is the new golf pro at the club located at the corner of Grass Lake Rd. and Rte. 59 in Antioch.

Entries in the tournament are now open for both men and women in the annual event sponsored by Lakeland Newspapers and Harbor Ridge.

ZUEHLSDOF received most of his golf training in a most unusual place, Alaska.

While serving in the army from 1966-69, Zuehlsdorf was stationed at the Fairbanks, Alaska base.

He served as golf pro at the Moose Run Golf Course.

In a tournament at the course, Zuehlsdorf placed second one year and third another. Both times the tournament was won by Rickey Carrol who went on to play on the professional tour for a while.

The bachelor is residing in

Fox Lake and comes to Harbor Ridge after seven years in the insurance business with his father in Kenosha, Wis. Zuehlsdorf was born and raised in Kenosha, also.

"WE'VE DONE a lot of work on the course to get it into super shape," he explained. "We're planting some trees, putting in some more traps and improving the tee areas."

"We hope to dig a ditch through the course from the pond and we're re-landscaping the greens on the back nine holes," he continued.

In addition to the work on the course itself, Zuehlsdorf also offers lessons to all ages and is in the process of teaching a six-year-old and a 10-year-old.

There is a complete pro shop available in the club house.

"We either have it in stock or can get it," he explained. "We can also do repair work such as reshaping, refinishing and regripping."

ZUEHLSDOF, ALONG

with Nick Tiester, are planning the Antioch Open and are very encouraged by the interest shown in just the first week of registration.

Stop in and see Alan Zuehlsdorf, the new pro at Harbor Ridge, and while there, sign up for the Antioch Open.

Registration forms are available at the pro shop. For further information, phone Zuehlsdorf at (312) 395-3004.

Conducted at the Combat System Technical Schools Command, Mare Island, Vallejo, Calif., the course provided detailed instruction in the maintenance and repair of specialized cryptographic equipment.

Summer Sequoits take second place in tourney

The Antioch High School Summer Basketball team won a piece of hardware this past weekend.

The team competed in an eight team tournament at Woodstock and came away with a second place trophy for their efforts.

In their first game, the Antioch team walked all over a weaker Woodstock team, the final score was 110-42.

The following night the

Sequoits beat a tough Crystal Lake team 91-87.

The championship game began as an uphill battle for the Sequoits since they faced a Woodstock team that had several players from last year's sectional tournament team.

The Antioch team was fast and stayed close most of the game, but foul trouble ended the team's hopes for victory.

Acting Coach Chris Willems said, "The team

showed fine hustle and team play throughout the tournament."

Members of the team were: Steve Eckhart, Bob Gatti, Mike Gofron, Bob Herich, Craig Sheedlo and Steve Sheedlo.

This same team competed in a 10-team summer basketball league at Stevenson High School, ending up with a 13-5 record and an impressive second place finish.

League signup to close

The last weekend of registration for the Antioch Viking Jr. Tackle Football League will be this week at the Antioch Scout House. Boys in fifth to eighth grade can signup for football and girls in sixth to eighth grade can signup for cheerleading.

The Viking football league will be starting its 12th year and will be having registration every Friday and Saturday for three weeks. Last year there were approximately 175 boys and 50 girls who participated.

Registration will be from 6 p.m. to 9 p.m. on Friday, August 7, at the Antioch Scout House. There will also be registration from 9 a.m. to 1 p.m. on Saturday, August 8, at the Antioch Scout House.

There will be a \$25 registration fee for the football league and \$10 for cheerleading. Kids who register will have to attest that they are healthy and able to participate.

Practice for football and cheerleading will begin Saturday Aug. 15. The first game will be played Sept. 13 and the season will end in November. All home games for the travel team and in-house games and practices will be at the Antioch Community High School.

There is expected to be eight teams. Six of the teams will be in-house teams that will play each other and two teams will be traveling teams. The two traveling teams will be divided into a junior and senior team based on weight and will play other teams in Lake County.

Participants in the league have come from Antioch, Lake Villa and Lindenhurst. Anyone who wishes to participate and is in the right age group may register.

The registration fee for the boys will pay for football shoes, socks, practice jersey, trophy and mouth guard. Games will be played weekly.

For further information call Nick Pappadakis, president of the league at (312) 395-5770.
